### **VENTURA REGIONAL FIRE SAFE COUNCIL (VRFSC)**

Nearly 150 communities across California have created fire safe councils to help protect their homes and neighborhoods from the devastating effects of wildfire. They are contracted and funded through CalFire and private donations. The VRFSC is a 501c3 non-profit organization whose goal is to ensure that our local communities are fire resilient, safe, and prepared to withstand the threat of wildfire. To this end, for homes in high-risk areas (that's us), they will conduct free wildfire risk assessments, primarily focused on Zone 0, the first 5-foot perimeter around your home. They will discuss their findings with you and also send you a written report. It's for your information and there's no requirement to follow their recommendations.

### **The Springs CERT/Firewise**

*Lorraine Villarreal, CERT/Firewise Co-Leader*

Great way to start a Saturday morning!

Thank you to those of you who took the time out of your Saturday morning to learn a little more about what it means to apply to become a Firewise Community. Thirty-two of our neighbors learned that this will be an ongoing process of about 1 year to complete and that's just to be certified. It goes on from that to updating accomplishments and resubmitting each 3 years in order to remain certified. In brief, this program is meant to help all of us. Your Firewise Team will not be telling anyone to remove any plantings, for example, but instead when you are ready to make some changes in your landscape you can ask for suggestions of native plantings, succulents, or other plants that are recommended by Ventura County Fire Department and Firewise. A byproduct of becoming a Firewise Community is the possibility of not having your homeowners insurance cancelled. It can also mean a reduction in your insurance premium. This is an educational program on how to live safer in a woodland urban interface area (WUI). A WUI is defined as an area where structures and other human development meet or intermingle with undeveloped woodland or vegetative fuels. As The Springs Community, we should all be engaged in risk reduction, this will help all of us.

### **Welcome New Springs Resident**

Give a warm welcome to our new resident, Jill Locascio, who recently purchased the home at 6613 San Como Lane. She moved here from Woodhall Avenue in West Hills after discovering us on Zillow.

In addition to enjoying hiking, kayaking and traveling, Jill volunteers at the Ojai Raptor Center as a transporter for injured/sick birds.

Jill is now retired from her career in the insurance industry. She was born in Encino, CA on December 2nd. Jill has recently become a volunteer on The Springs CERT/Firewise Committee. She also has a beautiful cat, named Bear (yes, as a kitten he definitely looked like a bear).

WELCOME TO THE SPRINGS, JILL!!
